

**FOR IMMEDIATE RELEASE**

## **GRANDSTREAM UCM6510 IP PBX RECEIVES 2015 *INTERNET TELEPHONY* PRODUCT OF THE YEAR AWARD**

*A Licensing-free, Enterprise IP PBX That Unifies Voice, Data, Video and Mobility Apps With Minimal Capital Investment*

**Boston, MA (January 15, 2015)** – – [Grandstream Networks](#), the leading manufacturer of IP voice/video telephony and video surveillance solutions, announced today that [TMC](#), a global, integrated media company, has named the UCM6510 IP PBX Appliance as a recipient of a 2015 *INTERNET TELEPHONY* Product of the Year Award.

The [UCM6510](#) series IP PBX is a enterprise solution for increasing productivity and enhancing customer service by unifying vast feature content and rich voice, data, video and mobility applications. With support up to 2000 users, 200 concurrent calls and support for E1, T1 and J1 network, the UCM6510's low capital investment, no licensing/recurring fees and zero-configuration provisioning entices enterprises to choose this self-hosted, customized VoIP solution. It can be managed remotely, all hardware and software comes standard, lifetime firmware updates are included and its compact size requires minimal dedicated physical footprint. Combine all these attributes with extreme affordability with its extensive list of enterprise-grade voice, video, data and mobility features and it fully encompasses what business customers require in an UC solution.

"It gives me great pleasure to recognize the UCM6510 series IP PBX with a 2015 Product of the Year Award for its commitment to excellence and innovation," said [Rich Tehrani](#), CEO, TMC. "In the opinion of our distinguished judges, the UCM6510 IP PBX has proven to be among the best communications and technology solutions on the market. I look forward to continued innovation from Grandstream."

The winners of the 2015 *INTERNET TELEPHONY* Product of the Year are featured in the 2015 January/February issue of *INTERNET TELEPHONY* magazine and online at [www.itmag.com](http://www.itmag.com).
